

Live Line Tester

Commonly known as the 'Box of Eggs'

Following the closure of AMEC Norwood, gauntlets can no longer be re-certified there and new should be purchased upon expiry date.

- Essential for creating a safe working environment in 3rd rail areas
- New units now supplied with six lamps as standard, so no need to order separately
- Spare lamps still available

Live Line Tester

Service and Re-certification - R040/017460

Unipart Rail offers servicing and re-certification for the Live Line Tester, previously handled by AMEC Norwood.

Our service package will ensure that the lamps are all replaced and that the unit is electrically safe for use. The service does not include the cost of replacement parts (excepting the lamps) and replacement of these parts will incur an extra charge which we will advise to you prior to proceeding.

To return your tester for service

Please complete the form below and fax back to Unipart Rail on 01270 847601, together with your official purchase order quoting R040/017460

PLEASE PRINT and fax to 01270 847601

(We will be unable to service and recondition your equipment unless the following information is provided in full.)
