

DMS RFP24 Portable Power Pack

Kick-start your train

Light-weight and easily stowed on-board

No more lugging heavy battery trolleys

Designed to start heavy duty diesel and petrol engines, this pack is extremely robust and dependable

2 x 12v sealed lead batteries, 26 Ah at 20hr rate

Cranking current up to 850 Amps at 20°

Incorporates reverse polarity warning buzzer and surge suppression

Fused 15 Amps 12v charge socket can be used as auxiliary power socket for lighting and power tools

Operating temperature -30°C to +60°C
