UNIPART
RAIL

SERVING THE WORLD'S RAILWAYS

Versatile, Approved, Safe.

Hilti HIT-HY 170 Injectable mortar is all you need for strong, reliable and approved fastenings in concrete, solid or hollow masonry and rebar applications.

Designed for day to day fastenings, the versatile injectable mortar is suitable for both indoor and outdoor environments and can be used within a wide range of working temperatures.

Health and safety risks are eliminated even in poorly ventilated areas as the mortar is completely free from styrene, phthalates and volatile organic compounds.

Product benefits

- Versatile fastenings - approved for fastenings in concrete (cracked and non-cracked), solid or hollow masonry and post-installed rebar applications
- European Technical Approval (ETA)
- Hot or cold - reliable fastenings over a wide range of application temperatures
- Suitable for indoor and outdoor applications
- Can be used in dry and wet conditions
- Safe to use even in poorly ventilated areas
- Fast and easy dispensing

Cat No. 0050/563464 - 330ml

Cat No. 0050/563465 - 500ml
