

Hands Free Door Openers

from Unipart Rail

Protect your team and customers

Protect your team and customers

Door handles are one of those everyday items difficult to abstain from using and therefore constitutes the most dangerous virus transmission point.

By touching one door handle, a single employee can infect **40-60%** of their colleagues in hours

Features:

- Smooth and easy to clean surface
- Resistance to strong chemicals
- Lead times are approximately 5 working days
- Large savings on larger volumes

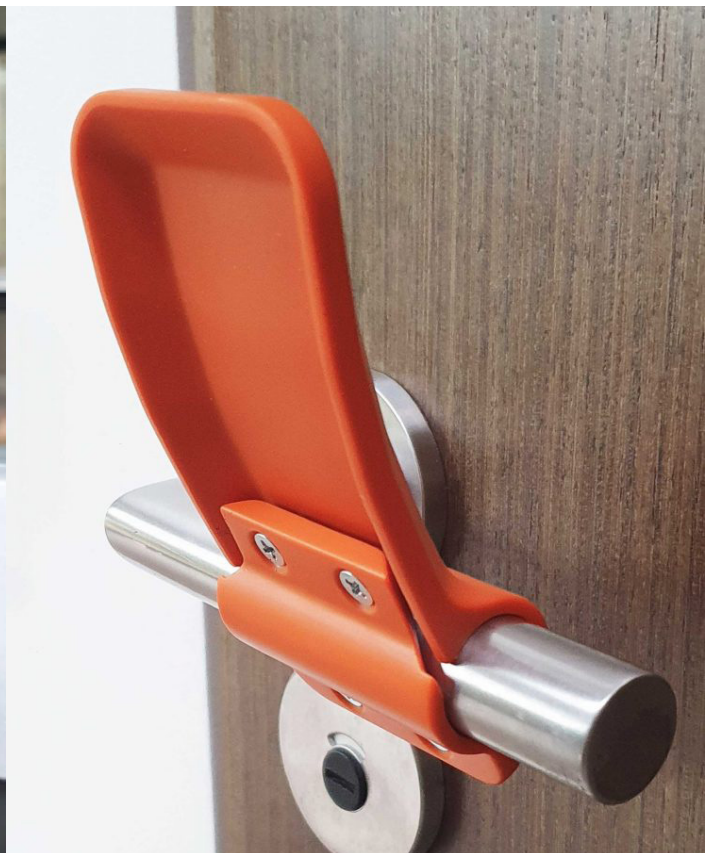

Cylindrical, Narrow

Durable plastic, smooth and easy to clean surface.

- The product is designed for cylindrical handles with a diameter of 16-22 mm.

Catalogue number: 0100/052504

FODO (Foot Operated Door Opener)

This small, firm and durable stainless steel product is attached to the bottom of the door, easy to clean and simple to use. We just need to know 2 things;

1. Thickness of door,
2. Door Material (wood or metal)

Catalogue number: 0100/052505

Each item comes unbranded and includes fittings, a warning label for the door and fitting instructions.
